The Purple Ribbon for best five stem collection went to Margaret Baird for a stunning division 3 collection. This was the first show I have been at this year where the Red White and Blue winner did not also receive the Purple.

Margaret's collection contained, from left to right – Trueblood, Nordic Rim, Triple Crown, Rosevine, and Stardom. Rosevine, in particular, was a striking bloom.

The Red White and Blue winner was Gerald Knehans. The flowers included a several seedlings, and were Gasconade Lemonade 6 YYW-WWY, Mitsch ON 4-4A 2Y-P, Far Country x Quasar 2 W-YPP, Peggy macNeale 2W-GWW, and Reed 84-102-1 2 Y-Y.

I would be remiss if I did not include this blue ribbon entry from Margaret Baird. This division 2 collection was a finalist for the Purple Ribbon and included Outline, Winter Solstice, Martha Kermisz, Danger Zone, and Ice Dancer.

The Maroon Ribbon was won by Linda Wallpe with Helford Dawn, Intrigue, Avalon, Gipsy Queen, and Altun Ha. My apologies for the photograph. I suspect reverse bicolor flowers are the graduate course in daff photography.

seedling 250 Evans W-Z x Ruby Rose 3 WWG-OOY, seedling 253 Port William x Bandit 3 WWG-OOY, Royal Connections 8 Y-O, and Candy Casual 2 W-YYP.

That's all for the photos.

Given the number of the blooms and the late season, next year's show is rumored to be here:

Only kidding – that's Hinkle Fieldhouse, one of the cathedrals of college basketball on the campus of Butler University, just a short drive south of Holliday Park.

I hope everyone enjoyed the photos, and I would encourage anyone from any of the later shows to post any photos they may have of their shows. Daff season isn't over yet!
